### **Councilmember Gloria Announces More Sexy Street Work**

Road Repaving Ramps Up This Week; Additional Street Repairs Also Approved

*SAN DIEGO, CA (July 20, 2011)* – Councilmember Todd Gloria is pleased to announce that 12 streets in and around Council District Three will be repaved this week, and the City Council approved street repairs and resurfacing for several additional locations throughout the City on July 18.

**“San Diegans obviously use our roads every day. Making sure they are in good condition is a way the City can strengthen the quality of life in our neighborhoods,”** said Councilmember Todd Gloria.

Some of the street segments being worked on this week have been problematic for years. Boundary Street, in particular, has been the source of many complaints. Demonstrating his belief that there are few things sexier than freshly paved streets, Councilmember Gloria will be on site as the crews fill in surface cracks on Boundary Street on Thursday, July 21.

**“Contrary to how some may feel, infrastructure work like street repairs is exciting to me. It shows our commitment to core services and literally protects the foundation of our City,”** said Councilmember Gloria.

By Friday, July 22, milling and paving work will begin in the following locations in the areas represented by Councilmember Gloria:

- Madison Avenue between Wilson Avenue and 36<sup>th</sup> Street and between 38<sup>th</sup> Street and 40<sup>th</sup> Street
- Collier Avenue between Hawley Boulevard and E. Mountain View
- Copley Avenue from Utah Street to the end
- 30<sup>th</sup> Street between Adams Avenue and Suncrest Drive
- Boundary Street from the cul-de-sac south of Madison to Suncrest Drive, from Landis Street to Redwood Street, and from Olive Street to Covington Road
- Kansas Street between Meade Avenue and El Cajon Boulevard
- 31<sup>st</sup> Street between Landis Street and North Park Way
- Upas Street between 32<sup>nd</sup> Street and 33<sup>rd</sup> Street
- Maple Street from Montclair Street to Haller Street
- 32<sup>nd</sup> Street from its origin to Kalmia Street
- Bancroft Street from Juniper Street to Ivy Street
- 6<sup>th</sup> Avenue near Arbor from end to end

The list of street segments that the City Council approved for repair in the coming months is attached. Since Councilmember Gloria took office in December 2008, 300 blocks of streets have been repaved in his district – the equivalent of more than 27 miles.

**Members of the media are encouraged to join Councilmember Gloria on the site of street repairs on Thursday, July 21. To schedule an street side interview, please contact Katie Keach, 619-235-5268 or [kkeach@sandiego.gov](mailto:kkeach@sandiego.gov).**
